

“Animals have a much better attitude to life and death than we do. They know when their time has come. We are the ones that suffer when they pass, but it’s a healing kind of grief that enables us to deal with other griefs that are not so easy to grab a hold of.” - Emmylou Harris

Pets are so much more than a responsibility. During their lives, they become our friends, confidants, and cherished family members.

Starting in August, join **Fairhaven Memorial Park’s** Pet Loss Support Group and be with others who share and understand your sadness in a safe, supportive environment.

If you are experiencing any of the following, we may be able to help:

- Sadness following the loss of a pet
- Trouble connecting with others who do not understand your loss and minimize your grief
- Feeling lost without your pet

You are not alone.
